

## SACREs Outside Somerset

Local Authorities wishing to adopt the Somerset syllabus AMV2016 and its accompanying resources may do so for a charge of between £1,000 and £2,000 depending on their size.

The Somerset syllabus comes with unique advantages that can help raise the standard of RE teaching in your school. It was written to also be an assessment document with clearly specified goals that are completely without levels. Teachers love its content light simplicity and wealth of imaginative exemplar lessons that model best practice in Religious Education.

### Ten reasons why your SACRE may wish to consider adopting the Somerset Religious Education Syllabus, Awareness Mystery and Value 2019.

1. It is an **assessment document**. Modelled on the 2014 National Curriculum document, each assessment objective is brief, clearly specified, non-subjective and completely without levels.
2. It is an "Essential Core" **summary of the most important beliefs** of each faith. Written alongside members of each faith, this addresses the concerns of Ofsted.
3. It is **focused**, emphasizing one key belief/ "Big idea" of each faith and Humanism.
4. It provides a **clear path of progression** that develops understanding of each belief from Foundation to KS3.
5. It is **content light and simple to use**, allowing teachers to "slow down, do less and go deeper."
6. It provides a wealth of **imaginative exemplar lessons** that model best practice in a brief and consistent "page at a glance" format. At KS1 and 2 every lesson is exemplified.
7. It is **web based**. The dedicated Somerset Religious Education website is easy to navigate and provides a wealth of additional guidance and resources.
8. It is **compatible with Understanding Christianity** for schools that wish to use this resource to deliver the Local Authority Religious Education syllabus.
9. It comes with the option of purchasing **training for your teachers** from its designer, Religious Education Advisor Andy Midwinter.
- 10 **It is cost effective**. Local Authorities wishing to adopt the Somerset syllabus AMV2016 and its accompanying resources may do so for a charge of between £1,000 and £2,000 depending on their size.
